BAPTIST MEDICAL NETWORK

Over 230 Providers.
100 Clinic Locations.
40+ Practice Groups.
One Health Network.

Welcome to the Baptist Medical Network provider directory and thank you for placing your trust in us. We are proud to be one of the largest healthcare providers in South Texas with more than 230 physicians, physician assistants and nurse practitioners who offer a wide variety of primary and specialty care. All our providers support their patients with vast experience, knowledge and talents. We are a critical part of our larger Baptist Health System network, connecting people of all ages, genders, ethnicities and walks of life to the care they need, where and when they need it. We have worked hard to bring exceptional primary and specialty care physician services to our area to help meet the increasing demand for more healthcare resources here. With 40 practices, more than 100 locations, in 17 communities, and across 12 counties, Baptist Medical Network providers cared for some 251,400 patients in 2023 alone. Our mission is to be the premier healthcare organization in South Texas by providing high-quality, compassionate care that exceeds our community's expectations.

Baptist Medical Network extends its services to San Antonio and the surrounding communities. Our physician practices work in collaboration with our six acute care hospitals, eight Baptist Neighborhood Hospitals, and our imaging and rehabilitation centers to provide a safety net of care that is available no matter where you live or work in South Texas. With dozens of primary care clinics in San Antonio, San Marcos, Bulverde, Boerne, and even as far south as Lytle, MedFirst Primary Care providers see patients for everything from simple checkups to managing chronic conditions. Specialized medical care provided by Baptist Medical Network includes experts in neurosciences, surgical services, cardiac care, women's services, and pediatric subspecialty care.

Our goal is to provide proactive, personalized, compassionate care in a supportive environment for everyone who walks through our doors. Thank you for choosing Baptist Medical Network for you and your patients' healthcare needs.

CARDIOVASCULAR

Baptist Medical Network (BMN) is proud of the cardiovascular medical providers who are part of our network. These healthcare professionals include cardiothoracic surgeons, vascular surgeons, electrophysiologists, interventional and non-invasive cardiologists, who are supported by highly trained physician assistants and nurse practitioners. To facilitate your use of this directory, our cardiologists are grouped geographically relative to the hospitals of Baptist Health System. BMN's electrophysiologists and cardiothoracic surgeons are presented in their respective practice groups.

CARDIOVASCULAR DIAGNOSTIC LABS

When it comes to your heart care, Baptist Medical Network offers a full range of diagnostic cardiac procedures. In 2022 alone, we performed over 24,200 diagnostic tests with quality equipment and at a lower cost compared to a facility setting. In addition, we utilize a cardiac PACS system for improved reporting efficiencies resulting in faster turnaround times. Our labs are accredited through the Intersocietal Accreditation Commission for echo and nuclear imaging, and our highly trained staff is certified in their respective fields of study.

-  Cardiology Treadmill
-  Cardiology Nuclear Camera
-  Echo Cardiology

Scan this QR code to find a Cardiovascular Diagnostic Lab location or to make a referral.

PEDIATRIC SUBSPECIALTIES

When a child or adolescent is experiencing a severe, traumatic or chronic health condition, the advanced training of a pediatric subspecialist is a necessary tool in the treatment protocol. Baptist Medical Network recruited gastroenterology, nephrology, endocrinology, otolaryngology/audiology and infectious disease providers to support the needs in our community. These board-certified pediatric subspecialists align with the pediatric services of Baptist Children’s Hospital at North Central Baptist.

Growing with our communities: Since opening its doors nearly 30 years ago, North Central Baptist has been growing as the communities it serves grow.

- ▶ This award-winning hospital is recognized for its outstanding OB/GYN and newborn programs, as well as digestive disease, spine and cardiovascular services.
- ▶ The hospitals offers the highest level of Neonatal Intensive care for babies and highest Maternal level of care.
- ▶ In 2019, a commitment beyond the pediatric ER was made to the community with the opening of Baptist Children's Hospital at North Central Baptist – a 24-bed/12 PICU care entity.

It is in affiliation with Baptist Children's Hospital at North Central Baptist that South Texas Pediatric Specialists deliver kid-focused, family-centered care.

SURGICAL SERVICES

Baptist Medical Network is proud of our group of surgeons who provide both general and specialized surgery to patients. Using a variety of advanced techniques, including minimally invasive procedures and robotic-assisted surgery, these highly trained professionals diagnose and treat a wide range of diseases, injuries and deformities. Many of our surgeons are subspecialty trained and board-certified in select surgical fields including colorectal surgery and surgical oncology.

ROBOTIC-ASSISTED SURGERY

Thanks to their advanced training, Baptist Medical Network surgeons are proficient in robotic and computer-assisted surgery. Several of our surgeons have earned the Master Surgeon of Robotic Surgery designation from SRC (Surgical Review Corporation). Others have been on teams that have helped Baptist Health System hospitals gain robotic surgery distinctions.

Baptist Medical Network utilizes the da Vinci Xi Surgical System, which delivers highly magnified, 3D high-definition views of the surgical area and instruments small enough to allow surgeons to operate through one or a few small incisions. This means faster healing and a quicker return to normal activities.

WOMEN'S SERVICES

From adolescence through childbearing years, menopause and beyond, Baptist Medical Network has the providers to meet the unique healthcare needs of women at every age and stage of life. Our obstetricians/gynecologists and certified midwives are trained in advanced treatments. For specialized acute needs, our double board-certified urogynecologist and gynecological oncologist are there to care for your patients.

MEDICAL SPECIALTIES

Baptist Medical Network provides important medical specialties. Our psychiatric providers work with adult patients who are hospitalized in the special behavioral health units of Northeast Baptist Hospital and Baptist Medical Center. Additionally, board-certified endocrinology and metabolism physician, Dr. Nancy Lee, focuses primarily on treating patients with thyroid diseases.
